THE USA HOCKEY STANDARD OF PLAY & RULES EMPHASIS

At the start of the 2006-07 season, USA Hockey implemented its new Standard of Play & Rules Emphasis. All members of the USA Hockey community share an equal responsibility to ensure the integrity of the game is upheld. The onus to implement and maintain this policy is not only on the officials but also on the coaches, players, administrators and parents. Everyone involved must demonstrate an awareness and support for the application, spirit and respect for the rules in order for continued improvement to occur in the game hockey.

To that end, we want to make sure that everyone involved in League Playoff games and in our Atlantic District Playoff games understands that this Standard of Play & Rules Emphasis will be applied in all of these games. We expect that everyone will give their full support to this policy.

Below is a brief summary of the new Standard of Play & Rules Emphasis:

Through the new Standard, our game will continue to allow the opportunity for improved skill development and a more positive hockey environment for all participants. The mission of USA Hockey is clear; through this new initiative a greater emphasis will be placed on skating, puck possession and the proper use of the body to establish position and a competitive advantage.

The goal of the new Standard is to reduce restraining infractions in the game and not to remove legal body checking or body contact. A hard body check or using body contact/position (non-checking classifications) to gain a competitive advantage over the opponent should not be penalized as long as it is performed within the rules.

The principles of this new Standard include the following:

- The use of the stick will be limited to only playing the puck.
- The stick will not be allowed to in any way impede a player's progress.
- The use of a free hand/arm will not be allowed to grab or impede a player's progress.
- Players who use their physical skills and/or anticipation and have a positional advantage shall not lose that advantage as a result of illegal acts by the opponent.
- Players will be held accountable for acts of an intimidating or dangerous nature.

THANK YOU FOR YOUR ANTICIPATED COOPERATION. ENJOY THE PLAYOFFS!

TIE BREAKERS

1. The results of the head-to-head games played between the tied teams in the following order:

- **a.** Standings - Most points.
- **b.** Most wins.
- **c.** Differential - Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
- **d.** Quotient - Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has a higher standing than a quotient from dividing by any other number other than zero (0). When two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of "goals for."

2. If after applying the formulas of 1 a, b, c, or d, the tie still exists, the results of all the games played by the teams tied in the following order:

- **a.** Most wins.
- **b.** Differential - Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
- **c.** Quotient - Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of "goals for."
- **d.** Most periods won - In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
- **e.** Quickest first goal - The team that scored the quickest goal in their preliminary round games shall be ranked highest.

3. If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.

NOTE: Forfeits - If a team forfeits any of its games, and becomes involved in any tie breaking formulas to determine its eligibility to advance to the next level of play, the team forfeits all games in the round robin play and the games are recorded as 1-0 victory for the non-offending team.

OVERTIME RULES

1) FIRST OVERTIME PERIOD

- Regulation time sudden death overtime period, five on five.
- Three minute rest period at the end of third period of regulation play.
- Teams do not change ends.
- Penalties from the third period will carry over into the overtime period.
- Timeout permitted during overtime period providing it was not used in regulation time.
- If a team receives a penalty in overtime, the teams will play 5 on 4. If the same team is assessed a second penalty before the first one expires, then the teams will play 5 on 3.

2) SECOND OVERTIME PERIOD

- Ice resurface, all levels.
- Regulation time sudden death overtime period, five on five.
- Teams do not change ends.
- Penalties from the period will carry over into the overtime period.
- Timeout permitted during overtime period providing it was not used in regulation time.
- If a team receives a penalty in overtime, the teams will play 5 on 4. If the same team is assessed a second penalty before the first one expires, then the teams will play 5 on 3.

If teams remain tied after the second overtime period outlined above, repeat first and second overtime period procedures above until a winner is determined. There will be no shoot out.
